About *DigiVert*

Welcome to DigiVert, a dynamic force in the world of technology, where innovation meets passion to forge the future. Born out of a shared vision to transform challenges into opportunities,

Founded in 2018, our journey began with a simple yet powerful belief: that technology has the potential to revolutionize the way businesses operate and individuals experience the digital realm. Fuelled by this vision, we embarked on a mission to carve a niche for ourselves in the competitive IT industry.

VergoPOS is a trusted brand owned by DigiVert, a leading manufacturer of thermal POS rolls, non-thermal rolls, adhesive labels, and thermal transfer ribbons. With a strong focus on quality, innovation, and reliability, we deliver printing and labeling solutions that power businesses across retail, hospitality, healthcare, logistics, and more.

At DigiVert, we understand that every transaction matters. That's why every VergoPOS product is designed with:

- Superior print clarity for professional receipts and labels.
 - Consistent quality to ensure smooth machine performance.
 - Customized solutions to meet diverse business needs.
 - Reliable supply backed by modern manufacturing facilities.
- 

Our Vision & Mission

Vision

To be the leading innovator in cutting-edge technology solutions, empowering businesses and individuals to thrive in a connected world.

Mission

To provide dependable POS and labeling solutions that help businesses run efficiently and serve their customers better.

Our Journey

Founded in 2018, our journey began with a simple yet powerful belief: that technology has the potential to revolutionize the way businesses operate and individuals experience the digital realm. Fuelled by this vision, we embarked on a mission to carve a niche for ourselves in the competitive IT industry.
